Good afternoon, LAWA!

I am trying to understand how in the world LAX decided to allow Uber and Lyft premiere service cars to continue to pick up inside the airport and also what other kinds of car services are allowed to pick up inside. Thus please send all records pertaining to the decision to allow this. This might include, but not be limited to:

1. A copy of the policy itself.
2. Emails from the salient time span that are between LAWA and people at any company providing passenger pickup that's still allowed to pick up inside the airport.
3. Minutes, notes, agendas of meetings where this matter was discussed. Recordings of such meetings if recordings exist.
4. Internal LAWA emails discussing this aspect of the policy.

Thanks!
